"My favorite feature is the quantity of good applicants I receive each week from my job postings. It is also easy to navigate, easy to edit the profile, and easy to add job postings."

"As a trucking company with a small hiring area, we have a difficult time finding drivers in our area and finding websites where we get the most bang for our buck. With TruckingCompanies.US, we have been very pleased with the number of applicants received and hired within our hiring area. I would definitely recommend this site above many of the competitors on the market now."
